STUDENT EXPERIENCE

CORE DESIGN ANCHORS

Full Self

We support students in bringing, nurturing and sustaining their whole selves—inclusive of their passions, struggles, health, confidence, confusions, courage and self-knowledge.

Community for Equity

We build a strong community that leverages its diversity, examines power, and seeks to improve the world.

Authentic + Relevant

We meet kids where they are to ensure access to learning that is transferable to the world of today and tomorrow, we leverage it in real-world ways.

Agency

We exercise and grow agency, empowering learners to make conscious, strategic choices about their learning and lives.
