Understanding

Trimester 1 Progress Reports and Student-Led Conferences

We use Student-Led Conferences because they express our mission and core values and thereby enhance the educational experience of our students by helping them to:

- * develop autonomy in expressing their understanding
- * take ownership of their own learning
- * connect their education to their families
- * reflect on their education
- * reflect on their character goals
- * express in diverse ways
- * develop speaking and listening skills
- * develop self confidence

Connection

The November 30th Family Council meeting is designed as a Pot-Luck Family Gathering to build connections within our school community. In addition, the evening will begin with tables of information from local community partners offering family services and learning opportunities. Partners attending the event include:
