

Proposed Resolution

Citizens of the World Charter Schools – Kansas City | Board of Directors

Regarding: “Pre-K for KC” Ballot Measure

Be it resolved that the Board of Citizens of the World Kansas City does hereby support and endorse the “Pre-K for KC” ballot measure that would increase the number of high-quality pre-K providers in Kansas City and provide parents with tuition support.

As this plan is in line with our mission to support the educational needs of ALL students, the Board recognizes both the immediate and long-term benefits of supporting early childhood learning opportunities and increasing high-quality seats for pre-K.

Given the significant research and evidence that proves that pre-K increases grade-level reading (or the reading/word gap) and provides social and emotional benefits, the Board fully supports the Pre-K for KC plan and hereby encourages our community to support the ballot initiative on April 2, 2019.
