Report on the Financial Statements

We have audited the accompanying financial statements of Citizens of the World Charter School - Kansas City (a non-profit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Citizens of the World Charter School - Kansas City’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Citizens of the World Charter School - Kansas City, as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The data contained under Supplementary Information is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for the purposes of additional analysis and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2021, on our consideration of Citizens of the World Charter School – Kansas City’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Citizens of the World Charter School – Kansas City’s internal control over financial reporting and compliance.

Notes to the Financial Statements

June 30, 2021

1. Organization

Citizens of the World Charter School - Kansas City (the "School") is a Missouri not-for-profit corporation. Their purpose is to operate a Charter School established within the boundaries of the Kansas City, Missouri School District. The School is legally separate from the Kansas City, Missouri School District and is not financially accountable to it.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation

The School is required to report information regarding its financial position and activities according to two classes of net assets; net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions: net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objective of the School. These net assets may be used at the discretion of the School's management and the board of directors.

Net assets with donor restrictions: net assets subject to donor-imposed stipulations that can be fulfilled by actions of the Academy pursuant to those stipulations, that expire by the passage of time, or that include funds of perpetual donation.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Accounting Standard Adoption

During the year, the School adopted the provisions of FASB ASU 2014-09, Revenue from Contracts with Customers (Topic 606), as amended. The ASU applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. The financial statements are presented in accordance with this new standard.

Cash and Cash Equivalents

The School considers all highly liquid investments with an original maturity of three months or less at the time of purchase to be cash equivalents.

Property and Equipment

Depreciation of property and equipment is calculated on the straight-line basis over the estimated useful lives of the assets. These assets have been recorded at historical cost. It is the policy of the School to capitalize expenditures for equipment, furniture and fixtures in excess of \$5,000 per item and useful life of more than one year. No property and equipment has met the above requirements to be recorded in the financial statements.

Citizens Of The World Charter School – Kansas City

Notes to the Financial Statements

June 30, 2021

Recognition of Donor Restrictions

Contributions are recognized when they are unconditionally received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions that increases those net asset classes. If a restriction is fulfilled in the same time period in which the contribution is received, the School reports the support as net assets without donor restrictions.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from these estimates. Management believes that these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Income Taxes

The School is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code and has been classified as an organization that is not a private foundation under Section 509(a)(2).

The School complies with the provisions of FASB ASC 740-10-25. Under FASB ASC 740-10-25, an organization must recognize the tax benefit associated with tax taken for tax return purposes when it is more likely than not the position will be sustained. The implementation of FASB ASC 740-10-25 had no impact on the School's financial statements. The School does not believe there are any material uncertain tax positions and, accordingly, it will not recognize any liability for unrecognized tax benefits. For the year ended June 30, 2021, there were no interest or penalties recorded in its financial statements.

Contributions Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using a risk-free interest rate applicable to the year in which the promise was received. Amortization of the discount is included in contribution revenue. Conditional promises to give are not included as support until such time as the conditions are substantially met.

Subsequent Events

Management has evaluated subsequent events through November 15, 2021, the date the financial statements were available to be issued.

Revenue and Other Support

The School reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets.

Citizens Of The World Charter School – Kansas City

Notes to the Financial Statements

June 30, 2021

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

Investment earnings available for distribution are recorded in net assets without donor restrictions. Investment earnings with donor restrictions are accounted for in accordance with the terms of those agreements.

Expense Allocation

The cost of providing the program and supporting services have been summarized on the statement of activities on a functional basis. Most expenses can be directly allocated to the program and supporting functions. Certain categories of expenses are attributed to both program and supporting functions. Therefore, these expenses require allocation on a reasonable basis that is consistently applied and determined by management.

The expenses that are allocated include the following:

<u>Expenses</u>	<u>Method of Allocation</u>
Salaries	Time and effort
Employee benefits	Time and effort
Purchased services	Direct cost
Supplies	Direct cost
Capital outlay	Direct cost
Debt service	Direct cost

3. Cash & Cash Equivalents

The School maintains cash and cash equivalents at one financial institution. At June 30, 2021, the cash held with Country Club Bank was in excess of FDIC insurance limits by \$983,302. This is considered a concentration of credit risk.

4. Contributions Receivable

There were no contributions receivable as of June 30, 2021.

5. Operating Leases

On June 13, 2016, the School entered into a triple net lease with an option to buy at book value with IFF Quality Seats - Broadway, LLC for the property and improvements in the total cost of \$5,244,227. As part of the lease, the School pays a base rent each month plus operating expense of the leased facility, including all costs associated with the use, maintenance, financing, or repair of the property and all utilities, and insurance. The lease also required creation of a cash collateral account in the amount of \$585,000. The lease provides that the School will pay the reduced rent amount of \$13,670 per month for the first two years with the payment supplemented with the cash collateral account. From years 3 to 6, the base rent amount will be payable in the amount of \$36,845 per month. For years 7 to 10, the adjusted rent amount will be payable based on the greater of the School's net operating income divided by 1.2 or the annual funding cost to IFF. The School has the option to extend the lease for 2 to 5 years.

Citizens Of The World Charter School – Kansas City

Notes to the Financial Statements

June 30, 2021

On March 8, 2019, the School entered into a lease for building space with Académie Lafayette that will end in June 2022. July 1, 2020 through June 30, 2021 requires monthly payments of \$7,500. July 1, 2021 through June 30, 2022 requires monthly payments of \$10,000.

Under the current agreement payments of \$508,965 were due during the year ended June 30, 2021, the future lease requirements are as follows:

<u>Year Ending June 30</u>	<u>Building Lease</u>	<u>Office Space Lease</u>
2022	\$ 418,965	\$ 120,000
2023	397,426	-
2024	397,426	-
2025	397,426	-
2026	397,426	-
	<u>\$ 2,008,669</u>	<u>\$ 120,000</u>

6. Claims & Adjustments

The School participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Disbursements financed by grants are subject to audit by the appropriate grantor government. As of June 30, 2021, significant amounts of grant disbursements have not been audited by grantor governments, but the School believes that disallowed disbursements, if any, based on subsequent audits will not have a material effect on the overall financial position of the School.

7. Functional Expenses

The School has only one program of service, which is the operation of a charter school district. For the year ended June 30, 2021, program service expenses were \$5,510,239 and management and general expenses were \$532,264.

8. Retirement Plan

The School contributes to The Public School Retirement System of the School District of Kansas City, Missouri, a cost-sharing multiple-employer defined benefit pension plan. Participation is mandatory for employees of the Kansas City, Missouri Public School District, the Kansas City Public Library, and the Public School Retirement System. The Retirement System provides service and disability retirement benefits to full-time employees and optional benefits to members' beneficiaries. Positions covered by The Retirement System are also covered by Social Security. The Retirement System is administered by a twelve member Board of Trustees. The Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: The Public School Retirement System of the School District of Kansas City, Missouri, 324 E. 11th St., Kansas City, Missouri, 64106, or by calling 1-816-472-5800.

Citizens Of The World Charter School – Kansas City

Notes to the Financial Statements

June 30, 2021

The Retirement System members are required to contribute 9% of their annual covered salary and the school is required to contribute a matching amount. The contribution requirements of members and the school are established, and may be amended, by the Board of Trustees. The School's contributions to the system for the year ended June 30, 2021, were \$333,731, equal to the required contributions.

9. Open Tax Years

The School's informational and tax returns are subject to examination by taxing authorities for a period of 3 years from the date they are filed. As of June 30, 2021, the following tax years are subject to examination:

<u>Jurisdiction</u>	<u>Open Years for Filed Returns</u>	<u>Return to be Filed in 2021</u>
Federal	2017-2019	2020
Missouri	2017-2019	2020

10. Liquidity & Availability

Financial assets available for general expenditures, that is, without donor restrictions or other restrictions limiting their use, within one year of the statement of financial position date, comprise of the following:

	<u>2021</u>
Financial assets at year end	
Cash and cash equivalents	<u>\$ 1,224,414</u>
Financial assets available to meet general expenditures over the next twelve months	<u><u>\$ 1,224,414</u></u>

The School does not have a policy to maintain a particular amount of days of operating expenses as liquid assets. The School is substantially supported by grant revenues that are based on formulas enacted by the legislation in the State of Missouri. The School also participates in various state and federally funded programs. As such, the future cash needs of the School are substantially met by these revenues, which are primarily received during the period in which expenses are incurred.

11. Risk Management

The School is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School has transferred its risk by obtaining coverage from commercial insurance companies. In addition, it has effectively managed risk through various employee education and prevention programs. There has been no significant reduction in insurance coverage from the previous year.

Independent Accountants' Report on Management's Assertions about Compliance with Specified Requirements of Missouri Laws and Regulations

To the Board of Directors
Citizens of the World Charter School - Kansas City
Kansas City, Missouri

We have examined management's assertions that Citizens of the World Charter School - Kansas City complied with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures; accurate disclosure of the School's attendance records of average daily attendance, standard day length, resident membership on the last Wednesday of September, pupil transportation records of the average daily transportation of pupils eligible and ineligible for state aid, the number of miles eligible and ineligible for state aid and other statutory requirements as listed in the schedule of selected statistics during the year ended June 30, 2021. Citizens of the World Charter School - Kansas City's management is responsible for its assertions. Our responsibility is to express an opinion on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertions. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions referred to above are fairly stated, in all material respects.

This report is intended solely for the information and use of the Board of Education, School management, and the Missouri Department of Elementary and Secondary Education and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors
Citizens of the World Charter School - Kansas City
Kansas City, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Citizens of the World Charter School - Kansas City as of and for the year ended June 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise Citizens of the World Charter School - Kansas City's basic financial statements and have issued our report thereon dated November 15, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Citizens of the World Charter School - Kansas City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances, for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Citizens of the World Charter School - Kansas City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Directors
Citizens of the World Charter School - Kansas City
Kansas City, Missouri

Report on Compliance for Each Major Federal Program

We have audited the Citizens of the World Charter School - Kansas City's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Citizens of the World Charter School - Kansas City's major federal programs for the year ended June 30, 2021. The Citizens of the World Charter School - Kansas City's major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the Citizens of the World Charter School - Kansas City's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Citizens of the World Charter School - Kansas City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination on the Crossroads Charter School's compliance.

Opinion on the Major Federal Program

In our opinion, the Citizens of the World Charter School - Kansas City's complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of the Citizens of the World Charter School - Kansas City's is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Citizens of the World Charter School - Kansas City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Summary Schedule of Prior Year Audit Findings

Year Ended June 30, 2021

There were no prior year audit findings.

Board of Directors
Citizens of the World Charter School - Kansas City
Kansas City, Missouri

In planning and performing our audit of the basic financial statements of Citizens of the World Charter School - Kansas City, for the year ended June 30, 2021, we considered the School's internal control to determine our auditing procedures for the purpose of expressing an opinion on the basic financial statements and not to provide assurance on the internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

In addition to the Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, we became aware of some additional matters to bring to your attention. The following paragraphs summarize our comments and recommendations regarding these matters. This letter does not affect our report dated November 15, 2021, on the financial statements of Citizens of the World Charter School - Kansas City.

1. Cybersecurity

Cybersecurity threats are increasing and government entities of all sizes are at risk for a breach of their information systems. With this increase in risk, entities should be continually evaluating risk and taking steps necessary to ensure the security of information systems. Steps include identifying critical information systems, training employees to properly identify threats received in emails or by other means, and adopting internal communication methods other than email.

It is important that entities develop a recovery plan outlining procedures that personal should follow once a cyber security breach is discovered. Additionally, entities should be aware of any insurance in place to help protect them from liabilities that can occur as the result of a breach.

We Recommend:

The School continue to evaluate its cybersecurity risks and take the necessary steps to reduce the risk of cybersecurity threats to their information systems. This evaluation should be performed frequently as technology and information systems are continually changing.

2. Periodic Internal Control Review

As the School evolves, policies and procedures change, the School should periodically conduct a review of its internal control procedures to determine if any changes are necessary in order to protect the School's assets.

We Recommend:

The School conduct reviews of its internal control procedures to determine opportunities for strengthening safeguards over the School's assets throughout the year. The School may want to consider conducting reviews on cash management, computer information systems, mail distribution procedures, purchasing procedures, new vendor procedures, and other areas the School considers necessary.

3. Collateralization of Deposits

RSMo 160.405(4)(4) requires charter schools to comply with financial management practices consistent with the Missouri DESE accounting manual. Included within the revised accounting manual, effective July 1, 2021, is a requirement to ensure that deposits of public fund in excess of FDIC coverage be fully insured or collateralized by the financial institution. Charter schools have been notified of this requirement and will be inspected for compliance as of January 31, 2022.

We Recommend:

The School work with their financial institutions to ensure that all deposits in excess of FDIC coverage are fully collateralized by January 31, 2022 in order to comply with statutory requirements.

4. Basis of Presentation of Financial Statements

RSMo 160.405(4)(4) requires charter schools to comply with financial management practices consistent with the Missouri DESE accounting manual. The revised accounting manual, effective July 1, 2021, seems to require that financial statements be presented in accordance with the accounting model established by the Governmental Accounting Standards Board (GASB). For the School, this would mean changing to a regulatory basis of accounting (GASB). The financial impact of this change is not expected to materially affect the School.

We Recommend:

The School review the accounting manual and consider adopting a change to its financial reporting model to ensure ongoing compliance with the requirements outlined in the Missouri DESE Accounting Manual as required by RSMo 160.405(4)(4).

5. Financial Management Practices – Possible New Compliance Requirements

RSMo 160.405(4)(4) requires charter schools to comply with financial management practices consistent with the Missouri DESE accounting manual. Included within the revised accounting manual, effective July 1, 2021, are various other requirements pertaining to salary compliance, revenue placement, expense placement, budgeting practices and presentation that have been previously considered as not applicable to charter schools.

We Recommend:

The School review the Missouri DESE Accounting Manual to identify compliance elements that might be considered applicable based on the revised accounting manual and make changes as necessary to ensure ongoing compliance with the requirements outlined in the Missouri DESE Accounting Manual as required by RSMo 160.405(4)(4).

We will review the status of these comments during our next audit engagement. We have already discussed these comments and suggestions with the School's administrative personnel, and we will be pleased to discuss it in further detail at your convenience, to perform any additional study of these matters or to assist you in implementing the recommendations

We appreciate this opportunity to serve as Citizens of the World Charter School – Kansas City's independent auditor and the courtesies and assistance extended to us by the School's employees.

Citizens of the World Charter School - Kansas City
Kansas City, Missouri

We have audited the financial statements of Citizens of the World Charter School - Kansas City for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We communicated such information in our letter to you dated May 1, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Citizens of the World Charter School - Kansas City are described in Note 2 to the financial statements. The School adopted the provisions of FASB ASU 2014-09, Revenue from Contracts with Customers (Topic 606), as amended during the year ended June 30, 2021. We noted no transactions entered into by the School for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. The significant estimate relates to the calculation of discount on contributions receivable.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We noted no misstatements regarding assets or net position.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 15, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the School’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the cash basis of accounting, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the information and use of the Board of Directors and management of Citizens of the World Charter School - Kansas City and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,
